

Stream Walk

Old Farm Creek - Neilwood Stream Restoration Project

Saturday, May 2nd, 2015

Rain or Shine Event

Time: 9:00am – 12:00pm

Meet at the Intersection of: Luxmanor Rd
and Neilwood Dr, Rockville, MD 20852

The Department of Environmental Protection would like to invite you to walk with us and review the proposed stream restoration designs. We welcome your input and look forward to any questions you may have. Join Montgomery County's Department of Environmental ProtecNon (MCDEP) to learn about proposed stream restoration project in your community. The proposed project will stabilize and enhance the existing stream corridor shown to the right.

We will walk the entire stream reach and discuss the restoration actions and impacts associated with the project. Please come ready to hike in the wooded area and stream valley. Community members will be able to ask questions and provide their feedback.

This project is part of the County's larger goal to reduce stormwater runoff, minimize pollution, promote infiltration, and restore stream conditions in the Cabin John Creek, the Potomac River, and the Chesapeake Bay.
